WhatsApp: +856 20 9634 3410

SUMMARY

I am a third-year Website Development student at the National University of Laos, passionate about building modern and responsive web applications using React.js, Tailwind CSS, Laravel, and MySQL. I enjoy creating clean user interfaces and continuously improving skills in front-end and back-end to become a skilled Full-Stack Developer. I am also pursuing an Associate Degree in English Communication at Logos Institute of Foreign Languages, where I have developed strong communication and teamwork skills.
